

## Wagabond Dog Training

### Board and Train Program

This program is designed to give your dog a solid foundation into obedience commands and also addresses typical behavioural issues such as jumping, leash pulling, barking, counter surfing, rushing through doors, and other undesirable behaviours. This program provides a personalized training program to suit your dog's needs.

During the course of this program your dog will be an integral part of our pack and will be exposed to several real-life scenarios which will help them learn what is expected out of them. At the end of the program we will show you how to implement and manage the training techniques taught to your dog.

#### Over the course of the program your dog will learn the following:

- Basic obedience commands – *Sit, Down, Stay, Place, Recall*
- Proper leash manners, including loose leash walk
- Waiting at thresholds
- Impulse control and exposure to different distractions and environments
- Socialization with other dogs

#### This program includes the following daily activities

- Daily structured dog walking twice a day
- 2-3 obedience training sessions per day
- Relationship building exercises and stimulating activities/games
- Regular updates on your dog's progress including photos and videos

#### The program will conclude with:

- Personalized training report with follow up notes to continue reinforcing good behaviour
- 2 hr go-home training session for you (or primary handler) to enable a seamless transition for the dog's obedience from trainer to parent
- Follow-up training session (*if required*)

#### What is expected from you after the training?

- Maintain consistency in post-training routine including walks, integrating obedience commands into your daily life
- Establish rules and boundaries as suggested for maintaining a balanced relationship with your dog
- Make any lifestyle modifications (*only if suggested*)
